

## “DIP AND STRIP”

A highly concentrated caustic powdered degreaser and cleaner for use in hot tanks. Dip and Strip quickly penetrates dirt, grease, and oil leaving metal parts clean with no film or residue. Do not use on aluminum or any other soft metals.

**Applications:** Machine shops, gas plants and anywhere a high quality hot tank degreaser is needed.

**Directions / Dilutions:** General cleaning: Use 1 kg. Dip and Strip to every 40 litres of water. For best results heat Dip and strip solution to 90 degrees Celsius.

### **Laboratory Analysis:**

Appearance:	Brown powder
Corrosion:	Corrosive
Flammability:	Non flammable
p.H.:	>13
Solubility:	Water soluble
Detergency:	Excellent

**Packaging:** 181.8 kg. drum  
20 kg. pail
