

Manufacturer of Specialty Chemicals

Chemfax Injection Pump for grease traps, drains and odour control

SYSTEM COMPATIBILITY

- **Accurate and reliable**
- **Ideal for remote locations**
- Operates with **115 volt** transformer or **6 volt** lantern batteries
- Combines **durability** of our peristaltic pump with the **reliability** of our solid state controls
- **Wall or shelf mounting** capability

KEY FEATURES

- **High-impact thermoplastic**, watertight case
- **State of the art** microprocessor timer control
- **Self priming** peristaltic pump
- **External prime** functions
- **Optional 7-day** programmable timer
- **Non-volatile** program memory
- **Real-time** display with **backup battery**

OPERATING BENEFITS

- **Simple** to program
- Program up to **20 dispensing events per day**
- **Minimum maintenance** required
- **No check valves**
- **Precise metering**
- **Only** the **squeeze tube** comes in **contact** with **chemical**
- Easy to read **LCD display**

**ONLY Chemfax chemicals
are approved to be used in this equipment**
